## **FDRsafety named 8th largest independent safety consulting company**

BRENTWOOD, TN, November 11, 2010 - FDR Safety has been named as one of the largest independent safety consulting firms in the United States by Business Insurance magazine. FDR Safety came in at number eight in the magazine's Independent Safety Consulting Firm rankings based on its unbundled safety consulting revenues.

"We are excited to be included in the Business Insurance list," said Fred Rine, CEO of [FDRsafety](#). "This is testimony to our continuing growth. We are grateful to our loyal customers and pleased that we have been able to keep expanding our service offerings."

FDRsafety provides safety [awareness training](#), [temporary safety staffing](#), [OSHA compliance services](#), [expert witness services](#) and [industrial hygiene](#). In addition the company has recently added specialists in [combustible dust](#) and electrical safety, including [70E](#).

Business Insurance magazine provides news and analysis on risk management, employee benefits and commercial insurance. It is often read by corporate risk and benefit executives, as well as financial and administrative executives.
